Dear birth family,

We are Kyle and Ashley and we could not be happier that you are considering us as adoptive parents for your baby. Kyle and I have wanted a child for quite some time and have had trouble conceiving ourselves.

Family has a very strong presence in our lives and we would love to be able to add a baby to our wonderful family.
Kyle and I were married in July 2010. It was one of the greatest days in both of our lives! Kyle and I have known each other throughout our lives, but fell in love when we were about 18 years old. We actually dated some in junior high, there always has been an undeniable love for one another.

Kyle is a man who people can talk to once and feel that they have known him forever. Kyle has one of the biggest hearts I have ever known. He would love nothing more than to be a father. Kyle farms with his father and brother-in-laws. He takes great pride in the family farm. Kyle also is a volunteer fireman in our community. Kyle puts many volunteer hours into helping our community stay safe.

Ashley is a loving person. She has a very nurturing personality and wants nothing more than to be a mother. Ashley is great at keeping our home cozy and a place that I love to come home to. Ashley works as a 5th grade teacher. In her time off, she loves camping, decorating, and spending time with family and friends. Ashley is also frequently asked to help with peoples hair and make-up.
The time of our life

July 2010
Fydo
We have had our dog for eight years. He has brought so much fun, love, and laughter to our home. He loves when our nieces and nephews come over to play!
We have 9 nieces and nephews that age from high school to toddlers. We have had the blessing of adoption touch our family already. Kyle's sister and her husband adopted both of their beautiful children.
We enjoy attending NDSU football games, Minnesota Vikings' games, and Minnesota Twins' games throughout the year. We enjoy staying home and watching movies together. We have traveled to Mexico a couple of times.
unforgettable

Days of Fun
Here are some more pictures of some wonderful memories we have made.
HOME IS WHERE
THE heart IS

Home
The place our story begins
We have many traditions we would love to share with our child. Some of these traditions include frosting sugar cookies at Christmas, dying eggs at Easter, and carving pumpkins for Halloween. In the summer we spend our weekends at the lake enjoying campfires and time on the pontoon. With Kyle being a farmer we also have many meals in the field, during harvest and seeding.
"Worry ends when faith in God begins"

We believe in God. We will baptize our children as both Kyle and I were. We will teach our children prayer and to love Jesus Christ, our Savior.
Our precious Godchildren
Through this book, we hope that you have learned a little more about us, our family, and our friends. We would love nothing more than to be chosen as an adoptive family for your child. We understand that you are making a difficult decision and we wish you the very best throughout the process.

We are open to any questions you may have. We pray daily for a child and know that everything happens for a reason. We hope that this book will show you how excited we are to bring a baby into our lives and how much love we have to give a child.
Thank you for taking the time to review our profile book and for considering us as adoptive parents for your child. We can never thank you enough for giving us an opportunity to be a Mommy and Daddy!

All our love, Kyle and Ashley.
