

Promise

Give a warm welcome to Promise!

Promise is a 4-year-old girl with a sweet, loving, and fun personality. She doesn't always love to share toys but loves playing alongside other kids at daycare. Promise has a variety of medical conditions, but they do not stop her from crawling around the room, pulling herself up, and spinning on her favorite chair. Promise enjoys giving hugs and cuddles, especially if she is upset or uncomfortable. Promise is looking for a family that will be dedicated and patient to her needs as she ages.

Her team is looking for a one or two-parent household. It is important that Promise is the youth with the highest needs in the home or is the only child. There are no concerns regarding animals in the home, although her forever family will need to teach her boundaries and how to properly play with animals as she continues to age. It is extremely important that her forever family be dedicated and willing to advocate for her needs. Promise's team is accepting inquiries from the Midwest at this time.

If you have any questions regarding Promise, please reach out to Tanya at Thaugen@catholiccharitiesnd.org or 701-390-1589.
