

MALIKI

Meet Maliki!

Maliki is a 14-year-old boy that is outgoing and full of energy! Maliki loves spending time outside all year round but is excited for the nice weather, so he doesn't have to wear a coat! Maliki loves spending time with his friend's playing soccer, karate, and going fishing! He loves fishing because he says that he always catches the biggest fish. If he has to spend time inside, he enjoys watching TV, playing video games, playing cards, and drawing. He does best when someone sets and explains clear boundaries and expectations to him. Maliki is caring and likes to make other people happy by telling jokes, giving compliments, and spending time with them. Maliki is able to create strong relationships with peers and adults that he trusts.

Maliki's team is looking for a two-parent household for Maliki. Maliki would do best being the only child in the home, or the youngest youth with the highest needs. Maliki enjoys being around animals, although it will be important for his family to teach him boundaries and how to be safe with animals. Maliki's team is accepting inquiries nationwide, although it is important to maintain family connections in North Dakota.

If you have any questions regarding Maliki, please contact McKenzie at Inquiry@catholiccharitiesnd.org. Don't forget to check out his Reel Hope video at AASKND.org.
