

# Gabriel

The great Gabriell

Gabriel is a 14-year-old boy and is springing with joy for the nice weather! Gabriel enjoys relaxing and spending time outside going for walks, playing basketball, and riding his bike. If Gabriel is not outside enjoying the nice weather, he likes to spend time playing video games such as Black Ops and Call of Duty with his friends and siblings. He describes himself as easy-going, kind, and funny. He enjoys spending time with his family by watching scary movies, playing card games, and going out to eat. Gabriel enjoys foods such as burgers, pizza, and pasta, but is not a picky eater and will try almost anything! Gabriel likes animals and would like to have a dog in the home to play with and take care of on his own.

Gabriel's team is looking for a one or two-parent family in North Dakota that will help him maintain family connections. He would do best being the youngest or only child in the home. Gabriel does well with animals and would enjoy having a pet in the home.
