

JOSEPH AND LEVI

Meet Joseph and Levi!

Joseph is 14-years-old and stands at 6 feet 7 inches! Joseph enjoys playing basketball, practicing wheelies on his dirt bike, and hanging out with the neighborhood kids. He is funny and a talkative jokester with a kind and respectful personality. As a big brother, Joseph is caring and great with younger children. He loves cars, motorcycles, and dirt bikes, and he hopes to become a mechanical engineer. Joseph enjoys ribs, mac and cheese, ice cream, and spicy foods. He also enjoys watching YouTube to learn how to fix things. With his playful sense of humor, big heart, and enthusiasm for all things mechanical, Joseph brings a positive energy to those around him.

Levi is a vibrant and fun-loving 6-year-old. Levi can be described as sweet, kind, and affectionate. He has a joyful spirit. He loves to play basketball, and believes his brother is the best basketball player in the world. Levi also enjoys playing outside, whether it is riding bike, digging in the dirt, or spending time at the pool.

Joseph and Levi's team is looking for a two-parent household. Joseph does well with any age of kids in the home, although it would be best for Levi to be the youth with the highest needs in the home. There are no concerns with pets in the home. The team is accepting inquiries nationwide, although it will be important for an adoptive family to maintain connections in North Dakota.
