

Odin

Meet 8-year-old Odin!

Odin is kind, thoughtful, smart, and loves to help others. Odin enjoys being active, playing with his toy cars, and being outside. One of his favorite toys to play with is Beyblades! He enjoys reading books, completing puzzles and art projects, playing board games, swimming, and playing sports, such as basketball, soccer, and his favorite, cornhole! Odin enjoys cooking, and one of his favorite meals is red beans and rice! Odin also loves fish, homemade pizza, waffles, and pancakes.

Odin's team is recommending a one or two-parent household that can provide Odin with consistent structure and boundaries. Odin would do best in a home where he is the youngest child. There are no concerns with older children or pets in the home. Odin's team is currently accepting inquiries from families who reside in Midwestern states, although has a preference for a family in North Dakota.

If you are interested in learning more about Odin or have any questions, please contact McKenzie at Inquiry@catholiccharitiesnd.org.
