

Deja

Meet 16-year-old Deja!

Deja is social, caring, and smart! During the summer, Deja spent her free time working, spending time with friends, and being outdoors. Deja enjoys drawing, playing card games, arts and crafts, and spending time with others. Deja loves animals and has a preference to have animals in her adoptive home. In the future, Deja wants to travel and hopes to go to Hawaii, Mexico, and Europe. When she is older Deja wants to go to college or get her GED and become a mechanic. Deja has a preference for an adoptive family who spend time together doing activities such as playing games, arts and crafts, and watching movies. Deja has a preference for her adoptive family to help maintain important connections.

Deja's team is recommending a one or two-parent household that is able to provide consistent routine and structure. There are no concerns with other children or pets in the home. Deja's culture is important to her, so it is important for an adoptive family that is able to help support Deja in staying connected to her culture. Deja's team is currently accepting inquiries nationwide.

If you are interested in learning more about Deja or have any questions, please contact Inquiry@catholiccharitiesnd.org.
