Kalicia

Meet 15- year-old Kalicia!

Creative and kind, Kalicia enjoys expressing herself through art. She spends her free time drawing, making bracelets, building things, and going for walks. She describes herself as kind and forgiving, and her playful sense of humor shines through in the jokes she shares with others. Kalicia enjoys visiting HuHot and Dairy Queen, especially when ice cream cake is involved. She also loves flowers and animals—including dogs, snakes, foxes, and chinchillas—and is drawn to purple, red, and galaxy-inspired colors. A family who enjoys creativity, laughter, and time together may find many ways to connect with Kalicia.

Kalicia's team prefers a family with two parents who can offer dependable structure, consistent routines, clear expectations, and encouragement as she continues to grow. The team is open to considering families with other children in the home, provided the family is prepared to prioritize Kalicia's well-being and ensure she receives the attention, time, and resources she needs to thrive. Maintaining the important relationships in her life matters to her, and her family should be committed to supporting those connections. She would also be excited to share her home with a dog.

Could your family be the one to share creativity, laughter, and lasting connection with Kalicia? To learn more, please contact McKenzie at Inquiry@catholiccharitiesnd.org.
